"As a hospitality chain that promotes the local culture and heritage whilst contributing to the growth and development of the regional tourism industry, these awards further reinforces our role as a leader in the field.

Ever since we began our journey in the hospitality sector we have pioneered change, challenged the status quo and innovated our way forward. No matter where we are located, we have worked hard to offer our guests an experiential holiday that celebrates the locality. We are focused on where we want to be, and this has made our journey a successful one thus far; and we will strive to be better.

I thank you, our loyal patrons for your commitment and dedication, and for being a part of our journey. We look forward to many more years of shared growth and success."
