CERTIFIED HOTEL FOR SAFETY AND HYGIENE

Your premier city hotel, Turyaa Chennai was recently certified by Bureau Veritas and PARIKSHAN for safety in hygiene and other practices in relation to the mitigation of COVID-19. The hotel was the first hotel/resort in India to receive the Bureau Veritas certification.

Bureau Veritas is a well-known global risk assessment company which reviewed the 140-room city hotel extensively for health and safety measures and enhanced protocols. The process examined all operational aspects of the hotel from guest, staff and supplier touch points to awareness creation and information dissemination.

The certification criteria were based on policies, procedures and resources implemented by the hotel to manage the hygiene and social distancing risks in the current context. The assessment and disclosures were completed in accordance with applicable standards to testing, certification and inspection of businesses.

At the PARIKSHAN certification, Turyaa Chennai scored a **complete 100% score and A++ grade** for complying with the necessary health and safety procedures and measures. PARIKSHAN is certified under Food Safety and Standards Authority of India (FSSAI). They are ranked no. 1 for hygiene rating and training partner in the FSSAI portal and is the only organisation chosen by FSSAI to conduct COVID-19 response training and is the food safety knowledge partner for Federation of Hotel & Restaurant Associations of India (FHRAI), South India Hotels and Restaurants Association (SIHRA) and other associations.

AN UNTOLD PIECE OF HISTORY

A beautiful piece of art that recently came under the spotlight thanks to the Oceans 8 movie, which topped the box office in its opening weekend worldwide, was the 'Toussaint' by Cartier. Its untold story reveals that the necklace was designed in 1931 for the Maharajah of Nawanagar by Jacques Cartier, London. Described as the finest cascade of coloured diamonds in the world, it includes 136.25-carat blue-white queen of Holland diamond, a 12-carat olive-green diamond and several substantially sized pink diamonds among other white diamonds. Jacques Cartier said the necklace for the Maharajah, a major client of the jeweler, was "a superb realization of a connoisseur's dream."
